

# Iluminar: Training & Coaching for Justice

**I-lu-mi-nar** - In Spanish: *to give light, to brighten with light, to spark insight, to illuminate.*

**Iluminar: Training and Coaching for Justice** is CCEJ's interdisciplinary team providing experiential and innovative training and coaching for adults in workplaces, schools, colleges, universities, families, and community settings to promote stronger communication and healthier relationships, where no one is disposable and conflict is healed in equitable and just ways.

During social distancing measures due to Coronavirus, CCEJ continues to offer online trainings and workshops. We can tailor specific online programs for your workplace, school site, agency, faith community, parent group, and more. Most programs are available in both Spanish and English.

## Restorative Justice Training & Coaching

If you'd like your workplace, school, family or community to be more restorative and relationship-centered, we are here to support you with our Restorative Justice Training & Coaching services! We believe Restorative Justice is both a way of being in community to one another all the time and a relationship-centered intervention to center humanity when harm happens.

## Equity & Transformation Training & Coaching

Interested in deepening how you or your organization lives out Racial Justice values? Curious about how Gender Justice can be more centered in your space? Committed to creating cultures of equity where no one is disposable? Let's work together to unpack systemic oppression in all its forms and create more inclusive communities where all people are treated with dignity and respect.
